WE ARE STANDING CONCEPT

A Belgian **stand builder** with a lot of passion, a versatile range of skills and years of experience in Belgium and abroad. Our dynamic team of designers, planners and builders can handle all kinds of projects: **exhibition stands, trade shows, exhibitions, events and interiors.**

With this book we would like to show you a selection of our projects. Whether you want something similar or something completely different, **we will pull out all the stops to make you stand out.** We use the latest techniques like CNC machines, led skins and digital prints to take your project to the next level.

Interested in working with us? Don't hesitate to get in touch! **We are excited to be your partner in crime.**
